Tashi InfoComm Limited

17th September 2018

Dear Valued Partners,

Tashi InfoComm Limited here by referred, as TashiCell would like to inform you all about the upcoming updates on SMSC Firewall regulations for incoming SMS messages intended towards TashiCell subscribers.

TashiCell has decided to implement Firewall Solution with the objective of preventing unsolicited messages from reaching our subscribers and to make sure that all the A2P SMS traffic to TashiCell subscribers is send through officially selected channel.

For this purpose, AMD Telecom has been appointed as our official partner to terminate all the A2P messages and will serve as the proper channel to terminate any A2P messages to TashiCell subscribers.

To prevent service interruption for you and your clients, we kindly request you to start sending all your A2P traffic to TashiCell subscribers via designated gateway.

The SMS Firewall will be activated effective from 1st October 2018.

For any further information relating to connectivity via AMD Telecom, kindly contact their Team on:

a. Website Form:

<https://www.amdtelecom.net/contact/>

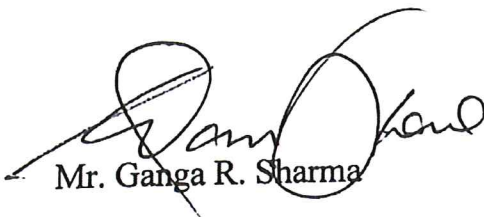

- or -

b. Sales Team e-mail:

bh.sales@amdtelecom.net

Sincerely,

on behalf of TashiCell

Mr. Ganga R. Sharma
